

# MOUNT MERU TREK

5 DAYS / 4 NIGHTS

OCTOBER 2020

Mt. Meru is the second highest Mountain in Tanzania. This is an extremely beautiful Mountain to hike, most inexperienced climbers use Mt. Meru for pre Kilimanjaro acclimatisation or as part of a trilogy of East Africa's highest peaks. Also superb pre safari for hikers or the adventurous. A 4 day hike to the summit of Mt Meru takes you through the verdant afro-montane forest into high altitude alpine desert with stunning views of a dormant volcano. Located within Arusha National park, it is possible spot wildlife on foot, afro-montane forest, less busy than Kilimanjaro, excellent bird life and game drives in the park. One of the most under rated hikes in East Africa.
